Your insurance company determines how much you owe. We will bill your insurance company on your behalf. Your insurance company will determine the portion you are required to pay, based on your insurance policy. If you are concerned about coverage for any of our services, please contact your insurance company prior to your visit or prior to your surgery.

If we are not enrolled in your insurance plan, your visits and surgery will be considered "Out of Network". All out of network services must be paid in advance and in full for any office visit or surgery. You can request a "Super Bill" to submit to your insurance for reimbursement, which might cover all, some, or none of the charges based on their policies.

If you are not sure if Dr. Raymond Laird or Dr. Cristen Laird are in your network, please call your insurance company to verify before your appointment.

We accept cash, check, and all major credit cards. **We do not offer payment plans or financing.**

Co-pays and outstanding balances or fees are due **before** being seen on the day of your appointment.

Patients with an unmet deductible must pay the lesser of their remaining deductible plus any applicable copay, or \$200, before being seen. After your insurance is billed, any outstanding balance owed will be billed to you. Any overage will be applied to your account or refunded.

To confirm your date of surgery, a good faith estimate of your cost share is required as a deposit. This will be used towards the final amount you owe for your surgery. The final amount you owe is determined by your insurance, and might be slightly more or less than the good faith estimate. The deposit is refundable with at least 7 days' notice. Cancellations or rescheduling within 7 days of surgery are subject to a rescheduling fee of \$100 or \$250 based on the amount of OR time needed.

initial

A bill will be sent to you after the insurance claim is filed, your insurance company determines your cost share, and we have had time to apply this information to your account. **A \$35 late fee will be charged if the bill is not paid in full by the due date**, which is 30 days after the bill is printed. A second notice will be sent with the late fee applied. If the second bill is not paid by the due date, an additional \$35 late fee will be added, and we reserve the right to assign your balance to a collection agency.
